

1-2-3

Check-In/Out Process

Step 1: Scan

Open the locked tool solution by **scanning** your employee ID card.

Step 2: Select/Set

Select your desired tools and equipment out of the drawers you have access to.

For returning your items, simply **set** them back in the correct drawers.

Step 3: Secure

Secure the tool solution by closing the drawers and pressing the "OK" button.

OHEL Technologies' solutions will show a green light when all items are located in the correct pockets and drawers.
